

WF-MICSTD-520

TRIPOD BOOM MICROPHONE STAND

SPECIFICATION SHEET

wayfinder

PRODUCT FEATURES:

VERSATILE TRIPOD BOOM DESIGN

Adapts effortlessly to all your recording, rehearsal, and live performance needs.

ERGONOMIC ADJUSTMENTS

Smooth-turning knobs on the boom arm allow for precise, fine-tuned microphone placement.

ADJUSTABLE HEIGHT RANGE

Extends from 32" - 61.5" (81.3 - 156.2 cm) with an easy-to-use twist clutch for quick and stable positioning.

HEAVY-DUTY METAL CONSTRUCTION

Built from rugged steel tubing to withstand the day-to-day abuses of stage and studio.

STABLE NON-SLIP BASE

Rubber feet provide a secure, slip-free foundation on any surface, while the collapsible tripod design simplifies storage and transport.
